

North Kent Embroiderers' Guild

As I write this, Christmas seems a fair way off, but this was our last meeting of the year so as well as our stitching activities we had some of our usual seasonal celebrations including refreshments, Secret Santa and 'Show and Tell'. Evelyn showed us her finished Country Garland started on a recent day school with Alison Smart of Smartfrog Quilting, Kathleen showed us a beautiful picture she had stitched and we saw how Toni had made a fabulous quilt with beautiful panels inspired by her family,

including a fingerprint from her Mum who is no longer able to stitch. Many of us admired her determination to complete what must surely become a family heirloom.

Our stitching took different forms- some were finishing unfinished objects - 'UFO's', some took part in Evelyn's 'Suffolk Puff' card workshop,

some in Sue's 'Chicken Scratch' technique lesson and some were working with Veronica on the latest 97 group project. Everyone was very busy! You can see some of the work in progress in the pictures here.

If any of this appeals to you then please look at our website where you can find more details on the 'Meetings' page.
